

NJ Board of Directors – Senior Vice Chair

House of Delegates Meeting - May 2024

Senior Report - Meaghan Donnelly, Senior Vice Chair :

In the past year, there have been a number of things accomplished. The most significant ones would include the NJ Swimming Leadership Camp on April 13. We were about to host over 30 Silver and above level athletes from all over the LSC at Camp Bernie for a 6-hour experience focused on developing leadership and team building skills. All the feedback I have received has been positive and we hope to provide two leadership opportunities for the LSC next year - in September 2024 and April 2025.

This past March, in support of the NJS Gold Championship, we were able to secure the talents of Ms. Sally Van de Water to emcee the finals session on Sunday night. Ms. Van de Water is the Technical Director for the Board of Directors for USA Weightlifting and attended the 2021 Tokyo Summer Olympics as part of the technical staff and an emcee for a few of the 2021 Olympic sessions.

Additionally, we are currently working to develop bylaws to help facilitate the coach selection process for the long course zone championships in a manner that provides transparency for those who apply.

Finally, as a reminder, here is current meet schedule of meets in the area that will be LSC/USA sanction.

June - CT OW Championship - Lake Quassapaug, Middlebury, CT (working to gather date)

June 22-23 - Eastern Zone OW Championship - Beasley Point, Mamora, NJ

July 8 - Cedar Beach Swim, Long Island

September 14 - Metro/NJ Open Water Championships
